Non-Refundable Deposit Agreement

I, _____, pay the deposit of \$750, with the understanding that there is a possibility the puppy I am paying for may not be available from the chosen litter. The deposit holds my place in picking order, and will then transfer to the next available litter. Example: I am currently 3rd pick for a black female puppy, when the litter is born there are only 2 black females. I can either choose a different color/gender puppy, or become first pick for a black female in the next available litter.
